A Free-Spirited Japanese Rocker and Her Playful Maknae

by [lefemmerouge](#)

Summary

Nina cannot believe she is in the bedroom of one of the most beautiful women in the entire world, at least from her point of view. She is with none other than the acclaimed and renowned Korean-American rapper, and member of a K-pop superstar group, Huntrix, the one and only Zoey. What Nina asks of her even surprises herself. She questions whether she should do this at all or if she had gone too far. Zoey reassures her that it is okay. They embrace each other, and through the space of quietness, stillness, and intimacy, they learn, on a deep level, what they mean to one another, and what it means to be together, despite their differences.

Notes

Happy April 28th! Today is Workers' Memorial Day, which is an international day of remembrance and action for workers killed, disabled, injured, or made unwell by their work, and [World Day for Safety and Health at Work](#), which is "a significant tool to raise awareness of how to make work safe and healthy and of the need to raise the political profile of occupational safety and health," hosted by the International Labor Organization (ILO) which is part of the U.N. The latter day is somewhat relevant to this fic since Zoey and Nina are both in the music industry as performers.

Recently, I saw the prompt put forward by linky on a certain site: "Any Fandom, Any Ship, Quiet Time," and it sparked my creativity. This fic **fulfills** that prompt as the two characters in this story are mostly quiet, at certain times, and there is some... quiet time (also noted in the next paragraph). I went back-and-forth as to what fandoms I could use to fulfill this prompt. One idea was having Zoey and Nina cuddle with one another, while using various KPDH fics on here, which [feature cuddling](#), stories which serve as inspiration on a certain level. The second choice was to have Riley Anderson, from Inside Out 1 and 2, be drawing Val Ortiz for art class, using fanart which [here](#) I received permission to adapt (and include the fanart in the fic, as noted in my posting [here](#)). Such a fic would have been inspired by my only other Riley/Val fic to date, with an updated version recently published [on Squidge World](#).

I decided to go with the first choice. As such, this fic picks up where the fic, listed in the inspirations (which was called "The Maknae's Wild Girlfriend?: Zoey's 'Strange' Behavior, Rumi and Mira's Worry, and the Seoul Surprise" on a certain site and [on Squidge World](#)) left off. Again, the nickname Nina uses from Zoey is stolen from what Kitty Boon calls Zarya Moonwolf in Mysticons (you all should watch it!). This fic fulfills the prompt as Zoey and Nina have an intimate, mostly quiet, time together. In order to build out this fic, on April 12, I added in three fics by the prompt submitter, linky, "Staying Warm" (the entire fic was an

inspiration), "A Night In" (only partial inspiration because story has polyamory), and "A Lesson In Passion" (only partial inspiration because that story is rated as explicit) as inspirations. Similarly, "a little kiss" by heylavellan (aeleru41) is an inspiration because it was the only other fic on a certain site which has the "Naked Cuddling" tag, while the entire ficlet "Crackling Fire" by Cactus was an inspiration. In addition, "didn't mean to fall in love tonight" by GallifreyanFairytale was a partial inspiration at certain points. The same can be said for "stay with me" by autobotscoutriella and "unexposed" by moon. Lastly, the other fic, which fulfills the prompt on a certain site, "Peace" by MolenStrawberry is a slight inspiration. I added in the AO3 versions of most these fics when adding it here (some were not available on here).

This fic has been cross-posted [on Squidge World](#), [Wattpad](#), [Quotev](#), and [Asian Fanfics](#).

As always, comments, and constructive criticism, are welcome.

Zoey led Nina to her room and closed the door. Nina was a bit uneasy about this and *also excited* at the same time. They had both agreed to cuddle for the night. She could be a bit wild. Even so, this sweet rapper had showed her what it meant for someone to love her. That mattered to her deeply. Her life had been hard since she still didn't get along with her parents. Surely, she and Zoey were very different. Even so, they supported each other in their own ways. She would have worried about getting back to Japan. Instead, she wanted to be there comforting the woman she loved. She wanted this rapper to put her arms around her. She *needed* do this with such a bella donna.

Her girlfriend led her to the bed, while holding her hand tightly. "So, Ni, what do *you* want to do?" she asked. Nina wasn't sure how to answer. She was tired from the music performance and from meeting people she didn't know, even as she tried to suppress her inner tendencies as a Huntrix fangirl. She almost laughed. This would be a bold thing to ask. Despite that, she wanted to say it regardless. "Z-Star...can I cuddle with you?" She paused. "Naked." Zoey's face became as red as a nicely pressed velvet cushion. She had never expected that her girlfriend would say that to her. Did she want her to take the next step with her? To go to *first base*? So many questions swirled around in her mind.

Nina could guess what Zoey was thinking. That she *wanted* to have sex. "I *didn't mean* it in a sexual way, Z-Star! I just want us to...uh...embrace one another...closely." This made Zoey feel a little better. Internally she was almost losing it. She didn't care to be perfect around her or try to satisfy her like she usually did with other people. Nina had helped her let her anger out in a healthy way, even though Nina herself wasn't the best at that. While being naked in a bed was one thing, being in the same bed as your girlfriend was... nerve-wracking. And she wasn't entirely sure how she'd deal with it. She was still trying to figure that out. There was no better time than the present.

"If we cuddle, we can be *a bit warmer*, you know," Nina said, with her smile a mix of radiance and malevolence. She didn't really miss Japan *that much*. A lot of hurt and pain had come to her in Japan, as well as joy. Zoey giggled. "Yeah, I'd like that." She picked up the blanket next to her. The nights could get a bit cold, especially since they were in a penthouse apartment, despite the fact it had central heating and cooling. The blanket wasn't anything fancy, except it was green and had all sorts of images of turtles on it. She had bought it at some chic online store called Turtle Bonanza which sold nothing but turtle-themed products, whether shirts, hats, flags, pants, bags, and so much more.

Placing the blanket on her bed, she motioned her girlfriend closer with her hand. "Come on, *you* wanted to this, right?" She was trying to do what she could to please her. Now that it was actually happening, Nina was getting a bit nervous. What if she messed this up? What if she did something wrong? What if she hurt her somehow? She gulped and decide to go for it. Looking at the woman she loved, she saw a smile. It was wonderful. She almost felt warmer already, even though she wasn't even under the blanket yet. Zoey quickly threw off her clothes into a pile in the room's corner, like she had done this *thousands of times*, like she slept naked *every single night* and that Nina just happened to be there.

Slipping into the bed, she saw an annoyed expression from her girlfriend. "Don't you want to cuddle? It will be harder with all those clothes on..." Nina almost rolled her eyes. She had

said she wanted to cuddle without any clothes on. She almost felt like she had come up with an excuse to do so. She wasn't sure what to do. She slowly started to take off her clothes. It finally clicked with Zoey. Did she not want to do it? "Are you...not sure about this?" she asked genuinely. Nina sighed. She said softly, so only Zoey could hear, "I...haven't done this kind of thing before...I-I still really want to *try it* with you." With her light brown eyes, she stared right at her. She put her hand on hers. "Okay. We'll take it slow."

Nina slowly took off her clothes and slipped into bed. She slowly intertwined her fingers with those of Zoey. At first, there was just a comfortable silence. They felt safe together. Nothing, and no one, could pull them apart. They could relax like this, and that was okay. They started to curl up together, feeling the warmth of their bodies. It was soothing. Neither one wanted to touch the other's body, at least not yet. Their hearts were overflowing with love. Zoey planted a kiss on her girlfriend's cheek. "I'm *so glad* you are here," she said. All Nina could do is nod. Her emotions were all over the place. She tried her best to stop herself from blushing. After all she was with someone she held in such high regard.

As the night went on, their bodies moved closer. They talked, and even laughed, in soft tones, not wanting to wake up Mira and Rumi. Feeling such comfort had been a rarity. Both of them were incredibly busy. This was a special occasion. With their arms wrapped around each other, they leaned into the cuddling, smiling, and basking in the feeling of the warmth from the bodies, basking in it. Being together, like this, Nina knew one thing was clear: she loved *every part* of this Korean-American rapper. She started moving closer and tracing the curves of her body, realizing how perfect it was. Zoey felt the same. She began to move her hands around this Japanese rocker's skin.

The skin was rough in some spots and smooth in others. She could have touched certain places, like her special area of desire, but she *did not* want to do that. She did not want this to feel like a prelude to sex in any way, shape, or form. So she softly felt around her chest and then her stomach, realizing that this sensation was so wonderful. She then rubbed her nose between her shoulder blades and planted a kiss there. Nina did the same, giving her a peck on the cheek, almost to get back for her kiss earlier. They could both keep doing this until they got tired. After all, it had been a long day. A lot had happened, with interactions neither one would have expected at the beginning of the day.

There were no nightmares and nothing to be afraid of there. They were safe together, experiencing a comfort they *both* deserved, with Nina grounding Zoey, and vice versa. There was no fire to keep either one of them warm from low temperatures. All they had was their body heat and they wanted to snuggle, wrap their arms around each other in a hug, in an embrace that never ended. It was something they both needed and desired, as the quietness, the stillness, became more pronounced. Their home was one another. There wasn't a place for either one of them to be, except there in the bed, side by side, even if they usually lived in different countries across a sea.

As their eyes started to grow heavy, their bodies pressing closely together. They attempted stay up a little longer. The warmth overwhelmed them, causing their breathing to slow down. They held each other close and drifted off into sleep together. That day, they had learned what it *really meant* to be together. Nina had surprised Zoey in showing up in Seoul unannounced. She had introduced herself, in person, to Zoey's friends/bandmates, who formed one of her

favorite bands ever, Huntrix. Having a proper sleep had been hard for both women, as of late. So, it was no surprise that this happened. Little did they know but Mira and Rumi had been up *the entire time*. At one point, they peaked into the room.

"Aw, they look so cute," Rumi whispered. Mira nodded and closed the door quietly. Zoey and Nina were none the wiser. Neither Mira or Rumi knew that Nina and Zoey were naked under the covers. If they had known about that, it may have changed what they thought in some way. Or maybe they would have seen it as cute. In any case, they were happy for Zoey. Although Nina could certainly be passionate, and a bit wild at times, they knew that Zoey could keep her in line. If they loved each other deeply, what did it matter? While Rumi thought of doing the same with Mira, and cuddling with her, they each had their own routines. So they didn't want to do that, at least not that night.

Wherever the relationship between Zoey and Nina went next would be decided by these two women, whether they were together in person or texting thousands of miles apart from one another...

End Notes

This fic was originally posted on Sunset, a femslash fanfic site. However, it was removed when I was sadly perma-banned on April 17th for mishandling interactions with a few users, despite apologizing to those users, removing certain passages of fics, and apologizing to the Sunset admin (and others). As such, I would strongly recommend **against** *anyone* joining that site, or Superlove. Both admins (Melo/Kat for Superlove, Agnes for Sunset) are friends with each other. Those admins are very particular and not in a good way. I find the whole circumstance deeply unfortunate. I wish it could have been resolved a much better way.

I did not want this fic to be lost. I have not included some tags I had on Sunset (like Prompt Fill, Sunset's Femslash Refresh 2026, Exclusive to Sunset, and Sleep Intimacy), but others have been retained. On Sunset, it was listed as part of two series: "My Femslash Refresh 2026 Collection" and "From Free Spirits to Surfing: MY KPDH Fics." I don't know fully how much Zoey and Nina are fully canon-compliant here, but I enjoyed writing this regardless. A copy of this fic is also available [on the Internet Archive](#).

On the aforementioned fanfic site I listed nine fics as inspirations. Their AO3 equivalents have been added to the inspirations. Sadly, "unexposed" by moon is only available on that site, as that user's AO3 account [does not](#) have the fic. The same is the case for "Peace" by MolenStrawberry which is only exclusively on that site, as it does not appear [to be AO3](#). Writing site-exclusive fics is dangerous, thoughtless, and I personally recommend against it, as sites go down all the time.
